

### Terms and Conditions:

Participating in my consciousness-raising sessions requires psychological and physical stability and the willingness to deal independently with the possible subsequent transformation processes.

Anyone who chooses a one-on-one session or a distance healing session with me acknowledges that they are fully responsible for themselves and act accordingly.

I expressly point out that none of the methods used gives the impression that a promise of healing is being made on my part, or that relief or improvement of a disease is guaranteed or promised.

Consciousness sessions are not a substitute for medical or psychotherapeutic treatment.
